Call for Volunteers: Join Our STEM Education Mission!

At Academix (www.academix.ca), we're passionate about making STEM education accessible to all. Our dedicated volunteers are the heart of our organization, bringing their expertise and enthusiasm to inspire the next generation.

Volunteer Opportunities:
- Coding Mentorship - Guide students through programming challenges or code elements of our website
- Content Creation - Shape our newsletter with engaging STEM stories
- STEM Tutoring - Share your knowledge in science, technology, engineering, or math
- Editing - Help develop and edit study materials for Alberta Diploma Exams in mathematics and sciences
- Book Distribution - Help distribute free educational booklets to students in your community
- Social Media Management - Help expand our digital presence and community engagement

How to Get Started:
1. Reach out to us at **academixweb@gmail.com**
2. Meet with our volunteer coordinator to explore the best fit for your skills
3. Complete our screening process (including one reference check)
4. Receive comprehensive orientation and training
5. Begin making a difference in students' lives!
